Environmental Policy Statement:

The VertomCory Holding Ltd (“the Company”) Board are committed to minimising the environmental impact of our operations through the adoption of sustainable practices and continual improvement in environmental performance. The Board accept the "Duty of Care" imposed by legislation as the minimum standard to be set and maintained, and aim to develop a sustainable business that is financially viable, environmentally sustainable, and socially equitable.

The Board will achieve this by:

- Taking steps to prevent pollution and minimise environmental harm and nuisance.
- Monitor and comply with legislation, regulations and codes of practice which are relevant to our operations.
- Develop sustainable supply chains by using suppliers wherever appropriate that have environmental standards compatible with our own.
- Work in partnership with external stakeholders to develop our corporate social responsibility.

The Board will focus on:

- Minimising the environmental impact of business travel.
- Reducing the volume of waste generated and maximise reuse, recycling, and energy recovery where possible.
- Reducing consumption of fossil fuels and incorporating long-term strategies for energy efficiency.
- Assessing changing technology, business requirements and best environmental practices.

This Policy will be reviewed annually.
